Enforcer V11

Your all-in-one security platform

The most advanced Pyronix system released to date, the Enforcer V11 delivers real added value with every installation; security, automation and video that can be tailored, controlled, scheduled and delivered for any user preferences.
Expand and enhance system application capabilities further than ever before, with Wi-Fi built onboard alongside a range of new and innovative features that practically cover any installation requirements for homes or businesses. This system is all you need.

Extend your potential, with Enforcer V11

Enforcer V11

Multiple communications. You're covered.

With Wi-Fi communications now built onboard the main Enforcer PCB as standard, the Enforcer V11 delivers Pyronix app compatibility straight out of the box; quickly and efficiently connecting to the user's existing router. Additional communication paths can be added for simultaneous messaging to both the app and an Alarm Receiving Centre (ARC) via separate paths; maximising coverage for total peace of mind. That's communications covered.

With the push of a button

The installation of the Enforcer V11 has been enhanced by the addition of a WPS button. By pairing the Enforcer V11 with the router with a push of the WPS button, valuable time is saved; maximising efficiency and convenience. One press, it's as easy as that.

## Unsupervised zones for cars, vans and caravans

Delivering unprecedented security coverage, unsupervised zones can be set up to add security peripherals on cars, vans and caravans. Provide additional peace of mind to what's parked outside the property, without risking supervision faults when they're parked away. Extend the security, expand the system.

Timed activity for total reassurance

Give users the confidence to maintain independent living, by setting timers to generate a specific response if no movement has been detected by using occupancy zones and times. Responses include sending a push notification to a loved one via the app, or even notifying an ARC. Install a system that cares.

Take control with the AndroidTablet and HomeControlHUB

Deliver a completely unified customer experience, with the AndroidTablet and HomeControlHUB app. Fusing the Enforcer V11, SmartPlug and cameras into one, users can surf the web, as well as control security, automation and video. Find out more by scanning the QR code overleaf and take control to new levels.

Partcode	Enforcer V11
Key features	
Onboard/maximum zones	32/66
Onboard/maximum outputs	3/38
Areas (independent or level)	4
Arm/disarm methods	App, pin, prox or keyfob
User codes	80
- Guard/duress	2
System logs	750
Programmable automation types	30
Wireless devices (requires ZEM32-WE*)	
Onboard/maximum* zones	32/64
Keyfobs	32
Arming stations	4
Bells	2
Wired devices	
Onboard/maximum zones	2/34
Onboard/maximum outputs	3/38
Maximum keypads	4 (including onboard)
Maximum readers	4 (including onboard)
Communication	
Module compatibility	WIFI Built Onboard, DIGI-LAN, DIGI-GPRS+SIM, DIGI-GPRS, DIGI-PSTN
App compatibility**	✓
Push notifications**	✓
Signalling protocols**	Contact ID IP, Contact ID, SIA IP, SIA3, Fast Format IP, Fast Format and SMS
Technical specification	
Power supply onboard	~15.0VDC
- Maximum rating	0.7A
Panel current consumption	222mA - 75mA
Battery capacity	2200mAh
Other details	
Operating temperature	-10ºC to +40ºC
Dimensions (W x H x D)	220 x 160 x 50mm
Weight	1025g inc. battery
Certifications	Security Grade 2 Environmental Class II

** App compatibility, push notifications and signalling protocol options are dependent on the communication module.
