

EB3 **2K** Type-C

Standalone Smart Home Battery Camera

Flexible. Reliable. Capable.

Made to greatly simplify outdoor protection, the EB3 is a next-generation battery camera that boasts great functionality and durability just as its wired counterparts, while reducing installation requirements. It comes with multiple advanced features to safeguard your property effectively, including automatic security supported by EZVIZ's unique "Always-on Protection Mode", as well as human and vehicle detection capability. It also enjoys enhanced network stability to ensure smooth everyday usage, and can run on green power to help save energy costs in the long term.

Active protection that is always on

Welcome to the era when a security camera truly stays smartly vigilant 7/24 on its own without human intervention. The EB3 automatically wakes itself up at set intervals to detect, record and store activities that happen in the surrounding area, so nothing easily escapes its attention.

Cost-saving and hassle-free security solution

The EB3 camera completely eliminates the hassle of electricity wiring and frequent recharging – it has a large built-in battery, and supports working with a flexible range of the EZVIZ Solar Panels². It is a greener option for those who're eco-conscious about building their home security system.

Stunning detail with 2K resolution

The EZVIZ EB3 features ultra-clear 2K resolution to provide advanced detail capturing. It makes sure you never miss a single important moment happening at home.

Crisp 2K

Night is now bright and colorful

Blurred and pixelated night vision is now a thing of the past. The improved lens with the large F1.6 aperture captures more light and thus enables long-range color night vision of up to 15 meters. What's better, you can choose between the color mode or the infrared mode as you'd like.

2 Spotlights | Full-Color Night Vision

2 IR Lights | Black & White Night Vision

A vigilant guard that works 24/7

The camera features an active defense function to provide an extra layer of protection. Upon detection of intruders, the camera will set off a loud siren and flash two dazzling spotlights⁴ to let uninvited visitors know they have been detected.

Communications can be this easy

Enjoy two-way audio by simply using your smartphone. Or, pre-record a 10-second voice message that automatically plays upon human motion detection.

Two-Way Talk

Customizable Voice Alerts

Faster connections, boosted coverage

Being Wi-Fi 6-enabled means that the EB3 are far less likely to face network challenges when operating outside your house. In addition to enhanced Wi-Fi connection stability, you can enjoy smoother 2K video streaming and faster camera response when controlling it remotely.

Built to last long

The EB3 is made with a durable, weatherproof enclosure. You can always trust on its performance against rain, dust and snow.

Smart integration, hands-free control

Easily manage your EB3 via the EZVIZ App. What's better, you can voice-enable the live viewing with "Hey Google" or "Alexa" to check what's happening on a bigger screen.

Enhanced viewing pleasure with smaller video files

Compared to the prevailing H.264 video compression technology, H.265 creates a more fluid viewing experience with recorded 2K videos. Meanwhile, you won't have to worry about large video files taking up too much of your storage space – H.265 technology reduces their sizes by up to 50%⁶.
